Regional Early Action Planning Grants (REAP 2.0) Program

Chris Duymich, AMBAG

September 28, 2022
REAP 2.0 Program

- State funded program
- REAP 2.0 provides funds to accelerate housing production
- In addition, REAP 2.0 will help implement and advance the SCS, mainly through reduction of Vehicle Miles Traveled (VMT)
- The REAP 2.0 objectives are:
  - Accelerate infill development that facilitates housing supply, choice and affordability
  - Affirmatively furthering fair housing – Placing affordable housing in high resourced areas
  - VMT reduction (especially transit/multimodal project elements)
REAP 2.0 Funding

• The REAP 2.0 Program will be administered by the California Department of Housing and Community Development (HCD) in collaboration with the Governor’s Office of Planning and Research (OPR), the Strategic Growth Council (SGC) and the California Air Resources Board (CARB)

• AMBAG’s allocation of the MPO funding is $10,133,742

• Emphasis: Transformative, implementation

• Some: Planning
REAP 2.0 Eligible Uses

• Outlined in REAP 2.0 Final Guidelines (pages 10-13)

• Eligible uses should meet one or more of the following categories of allowable uses:
  – Accelerating infill development that facilitates housing supply, choice, and affordability through various planning programs, services, or capital expenditures
  – Realizing multimodal communities through programs, plans, and implementation actions
  – Shifting travel behavior by reducing driving through programs, ordinances, funds, and other mechanisms, and ;
  – Increasing transit ridership through funding, implementation actions, and planning
REAP 2.0 Eligible Uses (cont.)

• Accelerating infill development that facilitates housing supply, choice, and affordability
  – Affordable housing development programs
  – Rezoning and guiding development by updating planning documents, development standards, and zoning ordinances
  – Revamping local planning processes to accelerate infill development
  – Completing environmental clearance to eliminate the need for project-specific review for infill development
  – Establishing/funding an affordable housing catalyst fund, trust fund, or revolving loan fund for location efficient projects
  – Performing infrastructure planning and investing in upgrading infrastructure
REAP 2.0 Eligible Uses (cont.)

- Multimodal communities/Shifting travel behavior
  - Developing bicycle and pedestrian infrastructure plans and other multimodal plans or policies
  - Infrastructure projects and other programs to expand active transportation and implement bicycle or pedestrian plans
  - Multimodal corridor studies associated with developing specific planning documents or implementation actions
  - Roadway pricing and road pricing programs
  - Funding the establishment of a local VMT impact fee or catalyzing a regional VMT mitigation bank (not paying into a VMT bank)
  - Funding and implementing parking and transportation demand management programs or ordinances
  - Accelerating Infill Housing production near jobs, transit, and resources
REAP 2.0 Eligible Uses (cont.)

• Increasing transit ridership
  – Establishing more seamless regional transit systems such as common fares systems, syncing transit routing and schedules, service design, and wayfinding to connect residential neighborhoods with employment and other key destinations
  – Developing and implementing multimodal access plans to and from transit facilities
  – Planning for additional housing near transit
Potential Projects

• Gap funding for affordable housing developments
• Infrastructure projects to make housing possible
• Downtown high-density affordable housing planning
• VMT mitigation for affordable housing projects completed between 2023-2026
Next Steps

• Staff continues to develop the AMBAG regional REAP 2.0 Program framework to include in final application

• Fall 2022—More stakeholder outreach and consultation with HCD and other state partners

• October/November 2022 – Board review and approval of proposed REAP 2.0 program framework to include in final application

• December 31, 2022 – AMBAG submits final application to implement program framework

• Mid-2023 to 2026 – Project funding and execution period
Discussion Questions

• *Suggestions for projects?*

• *Community needs around affordable housing?*

MEMORANDUM

TO: MST Mobility Advisory Committee

RECOMMENDED BY: Miranda Taylor, Planner

SUBJECT: Draft 2022 Coordinated Public Transit-Human Services Transportation Plan

MEETING DATE: September 28, 2022

RECOMMENDATION: DISCUSSION

Staff will provide an overview on the Draft 2022 Coordinated Public Transit-Human Services Transportation Plan (Coordinated Plan). MST MAC members are asked to provide input and comments on the Draft 2022 Coordinated Plan.

BACKGROUND:

AMBAG is required to develop a Coordinated Plan for the tri-county region. Under the Fixing America’s Surface Transportation Act (FAST Act) legislation, this plan must be completed and used in developing grant applications for the Federal Transit Administration (FTA) Transportation for Elderly Persons and Persons with Disabilities (Section 5310) grant program. The plan identifies local transportation needs of individuals with disabilities, older adults, and persons with low incomes, and facilitates applications for the FTA Section 5310 grant program.

The Section 5310 program provides formula funding to assist private, non-profit groups and transit operators in meeting the transportation needs of the elderly and persons with disabilities when the transportation service provided is unavailable, insufficient, or inappropriate to meeting these needs. The funds are apportioned based on each State’s share of population for these groups of people and are awarded to projects through a statewide competitive selection process. Funds may be used for capital or operating
expenses. The Coordinated Plan, as required by the 2015 FAST Act, must include the following elements:

- An assessment of available services and current transportation providers (public, private, and non-profit);
- An assessment of transportation needs for seniors and persons with disabilities. This assessment can be based on the experiences and perceptions of the planning partners or on more sophisticated data collection efforts, and gaps in service;
- Strategies, activities, and/or projects to address the identified gaps between current services and needs, as well as opportunities to achieve efficiencies in service delivery; and
- Priorities for implementation based on resources (from multiple program sources), time, and feasibility for implementing specific strategies and/or activities.

**DISCUSSION:**

The purpose of the Coordinated Plan is to create a plan to improve regional transit for individuals that are elderly, disabled, and/or low-income. This is accomplished through identifying where the transit system can better meet these individual’s needs, and then identifying projects and strategies which will help alleviate these shortcomings. The plan also includes a current list of transit services that serve the elderly, disabled, and low-income populations.

The projects and strategies identified in this plan are made eligible for federal funding through the FTA Section 5310 grant program. In the past, this funding source has been used by transit agencies to replace or purchase new paratransit vehicles, as well as for operating expenses.

The Draft 2022 Coordinated Plan is composed of four main chapters, each of which are summarized briefly below.

**Chapter 1: Introduction**

The introduction provides background on the purpose of the plan, an overview of the federal legislation regarding the requirements of the plan and associated funding sources.

**Chapter 2: Transportation Service Providers**
This section provides a summary of available public, private and non-profit transportation services throughout the region and within each county.

Chapter 3: Transportation Needs

This section defines transportation disadvantaged people and special needs transportation. This section also examines and lists demographic and economic factors relating to transportation in the region.

Chapter 4: Unmet Needs Assessment

This chapter lists the identified unmet needs for the elderly, disabled, and low income in the tri-county area. Identification of these needs came largely from outreach with stakeholders throughout the region gathered by AMBAG and Regional Transportation Planning Agency (RTPA) staff.

NEXT STEPS:

The Draft 2022 Coordinated Plan will be presented at various meetings throughout the region, including the RTPA’s Technical Advisory Committees and other transportation related committees. The Draft 2022 Coordinated is available on the AMBAG website at https://ambag.org/plans/monterey-bay-area-coordinated-public-transit-human-services-transportation-plan. The public comment period will close on October 17, 2022. All comments should be sent to Miranda Taylor, AMBAG, 24580 Silver Cloud Court, Monterey, CA 93940 or via email at mtaylor@ambag.org. Staff will incorporate comments received into the Final 2022 Coordinated Plan which is scheduled to be approved by the AMBAG Board of Directors at its November 9, 2022 meeting.

- September 15 - October 17, 2022: 30-Day Public Comment Period
- September 22, 2022: SCCRTC Interagency Technical Advisory Committee
- September 28, 2022: MST Mobility Advisory Committee
- October 6, 2022: TAMC Technical Advisory Committee
- October 6, 2022: SBtCOG Technical Advisory Committee
- October 11, 2022: SCCRTC Elderly & Disabled Technical Advisory Committee
- October 2022: Prepare the Final 2022 Coordinated Plan
- November 9, 2022: AMBAG Board of Directors will be asked to adopt the Final 2022 Coordinated Plan
COORDINATION:

The development of the Draft 2022 Coordinated Public Transit-Human Services Transportation Plan has been coordinated with Monterey-Salinas Transit (MST), the Council of San Benito County Governments (SBtCOG), the Santa Cruz County Regional Transportation Commission (SCCRTC), the Santa Cruz Metropolitan Transit District (METRO), the Transportation Agency for Monterey County (TAMC), local non-profits and elderly and disability advocates, as well as the Planning Directors Forum which includes the local jurisdictions and other transportation partners.
